### ● Caio Carvalho Filho takes over

During Cassio recovery, it is Caio Carvalho Filho who took the lead in order to maintain horses at the top-level.

Firstly present at the 2\* show jumping of Bonheiden, the Brazilian ranked twice with the young **Dollar du Fremis**. In the courses dedicated to young horses, they got the seventh place on 1m30 fences and then the fourth one over 1m35.

**Lagerfeld** and **Dayton Sitte** also made nice rounds and demonstrated that they were in a good condition.

Few weeks later at the CSI of Lier, that was the turn of **Lagerfeld** to illustrate with the second place of the 1m35 small Grand Prix.

The bay male then took part in the Meeting d'Automne in Saint-Lô where he completed good working courses.

«We make a good team with Caio and Pedro Veniss since January. I am very pleased that Caio is taking care of my horses before my return. We have the same working philosophy and I completely trust him. He showed me I was right to lean on him with the rankings of the last weeks.»

### ● Homecoming

After having competed under the Ukrainian colours for eight years, Cassio decided in September to regain its Brazilian citizenship.

«I am thrilled to be back under the flag of my home country. But I do not forget my great experience as a member of the Ukrainian team and I would like to thank once again Mr Onyshchenko and my former Ukrainian teammates for their trust and the nice moments shared together.

Once back in the saddle I aim at collaborating with new owners, who are, for some of them, already by my side and to continue to train young horses.

It is also like a new start for me after my last disappointments.»

### Some rest and let's restart!

Following his unfortunate fall on the 5\* CSIO of Gijon, Cassio was forced to dismount and to have an operation on his leg. His convalescence went very well and the rider may be back in the saddle soon.

«My leg recovered quite fast and I hope to be able to ride again in December. I look forward!»

### Round-Up

Despite the forced stop of Cassio, his horses unit remains being build for his return on competition.

Lagerfeld, Torgal de Virton, and Ulahop Boy will be still registered in major classes.

The young horses Dayton Sitte, Dollar de Fremis, Jasper M and Ut majeur de Brecey were joined by Quarisma RC (6 years old), Valolita du Lozon (7 years old) and Versus de Virton (7 years old).
